

**Project based learning**  
**PRIMARY**  
**Clas 3-5**

**Project topic:**

Research animal habitats and  
create a habitat for minibeasts.

**Helpful hints:**

Tasks to be completed:

- Research minibeasts in our surrounding environment to find out what sort of habitat they need.
- Identify & classify living things & show understanding of how species depend on each other & the environment around them for survival.
- Research their food chains and why they are important.
- Present ideas to the class about various minibeast habitats and how you created your own minibeast habitat.
