

Primary 1 Home Learning Grid 1 (Term 4)

Please use this grid if you are absent from school and well enough to complete some work. Tasks in **GREEN** are **SHOULD DO** activities and tasks in **BLUE** are **COULD DO ACTIVITIES**. We recommend completing about 1-3 tasks per day. 😊

****This grid is 2 pages long****

<p style="text-align: center;">READING</p> <p><u>Story Book Challenge</u> Ask an adult to read a story to you.</p> <ul style="list-style-type: none"> • Can you retell the story? • Act out the story or make some paper puppets to put on a puppet show retelling the story. <p>*Challenge- you could record a video of your show.</p> <p><u>Sight/red word Practise</u> Practise reading and recognising some of your red words.</p> <ul style="list-style-type: none"> • Treasure Hunt! Write your words (or ask an adult to) on post it notes or pieces of paper. You could use different coloured pens or pencils. Hide (or ask an adult to) the words around a room, the house or the garden. Ask an adult to call out a word and then you have to run around and find it. How quickly can you find the word? Alternatively, you could run around calling out the words as you find them or test an adult – call out a word and the adult has to run and find it and you can check if they are correct. 	<p style="text-align: center;">WRITING</p> <p><u>Poster Challenge</u> Can you create a poster to advertise your Story performance/Puppet Show? You will need to include information about:</p> <ul style="list-style-type: none"> - What it is (puppet show) - What it is called - When is it happening (day and time) - Where is it happening <p>Some pictures will help to make it eye-catching and big lettering will make it easy to read.</p>  <p><u>Green words/Phonics</u> Can you practise some of your green words at home, your adult could challenge you to see if you can write them on your own! Remember to use your Fred fingers!</p>	<p style="text-align: center;">PLAY BASED LEARNING CHALLENGE</p> <p>Junk modelling</p> <p>Gather some objects from around your home. It could be a cardboard box or boxes and/or things that are being put out for recycling.</p> <p>What can you make/create?</p> <p>It can be big or small, could be something you could sit in and play with – it's up to you!</p>  
<p style="text-align: center;">NUMERACY</p> <p><u>'Popcorn' Addition/Subtraction</u></p>	<p style="text-align: center;">OUTDOOR LEARNING</p> <p><u>Cloud Gazing</u></p>	<p style="text-align: center;">HEALTH AND WELLBEING</p>

Write out digits 0-9 on small pieces of paper or card (you could use stones or magnetic numbers if you have them at home).

Scrunch up the pieces of paper so they look like bits of 'popcorn' and put them in a small tub, hat or bag.

Take out two numbers.

Can you add them together?

Can you subtract the smallest number from the largest number?

Alternatively you could use a pack of cards – take two from the pack at a time to add/subtract.

*Challenge – you could write numbers up to 20.

This activity is great for your imagination.

Choose a day when you can see different shapes of clouds moving across the sky.

Find a nice spot to lie or sit down outside and watch the clouds in the sky.

What shapes can you see? Can you see any clouds that look like animals, people or other objects?

If you are unable to get outdoors, choose a spot in your house where you can sit or lie and look at the sky from inside your home.

Assault/Obstacle Course

Can you create an assault or obstacle course for you and/or your family to complete at home.

It could be indoors or outdoors.

What things will you use?

Remember to check with an adult that it is okay to use them.
